# SURE–TITE DRY LOCATION 'CONTRACTOR PREFERRED' CONNECTORS

GM Lighting's Sure-Tite connectors insure a tight, clear electrical connection for many of our GM Lighting LTR Series tapes. Rated to 5 amps. Use 18-14 AWG solid or tinned wire for optimum results. *It's like a splice box for your LED Tape!* Wire available on page 196.

EZ CONNECTORS

Making an LED tape connection has never been easier. With the EZ tape connector, you simply open, insert and snap closed.
The connector captures the tape and snaps closed for a secure connection. Need wire? Go to page 196.
